

2018 SARC Annual Report

California Department of Transportation, District 9

Alternative Name(s): Caltrans District 9

Agency Type(s): Caltrans

Report Type: Full

Physical Address:

500 South Main Street
Bishop, CA 93514
County: Inyo
Jurisdiction: Bishop

Mailing Address:

500 South Main Street
Bishop, CA 93514

CalRecycle Representative:

Melissa Vargas
Melissa.Vargas@CalRecycle.ca.gov
(916) 341-6271

Number of Employees at Agency: 145

Annual Report Status: Submitted

Submitted by Jessica Klemencic (jessica.klemencic@dot.ca.gov) on 4/29/2019 10:05:53 AM

Additional AnnualReport Information

The information below is additional information for this annual report provided by the Agency to CalRecycle staff.

No additional information provided.

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>

Annual Per Capital Disposal

Employees

Total Number of Employees: 295

Explain who was included in this number and how was this employee number calculated.

All employees, including field maintenance, construction, mechanics, field management and D.O. personnel were counted. Crew lists and phone lists for each location were used and count was verified with HR personnel.

Non-Employee Population

Total number of non-employee population: 1001850

Population Type: Visitors

How was this population number determined?

Visitors are at the safety roadside rest areas. Figures are based on the average daily travelers from traffic count loop data. Our disposal amount also includes Adopt-A-Highway trash bags and other debris that is picked up off the shoulder of the road after the adopter or area employees clean their area. In this case the non-employee group would be the highway travelers that throw or lose trash out of their vehicles. We have no realistic way to track or even estimate that figure.

Disposal

Total amount disposed: 636.80 tons

Total transformation: 0.00

How was this disposal number determined?

Weight slips are used whenever available. Weight-to-volume estimates are used when weight slips are not available.

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>

Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	192.40	11.83	0.00	0.00
Per Capita Transformation Rate:	38.50	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	11.83		

Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

Everyday office trash from daily operations; some construction materials; trash picked up along the highway.

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

The opportunities for recycling, due to being in a low population density, rural, remote area are not as available as in areas closer to recycling centers. This is especially true compared to areas with curbside pickup. Fuel costs often make transportation of recyclables infeasible. Inyo County is continuing to make improvements in this. One landfill in Inyo County now has operational scales, the other three locations do not. Mono County, for example, only takes #1 & #2 plastics and does not take chipboard, newspaper or scrap metal, like tin cans. There are areas of Eastern Kern County that have informed us that they put green waste in the landfill because that particular site is too far from their main recycle areas. Our district covers Inyo, Mono, Eastern Kern and part of Northern San Bernardino Counties.

Programs

Recycling

- Beverage containers
- Glass
- Plastics (#3-7)
- Cardboard
- Newspaper
- Office paper (white)
- Office paper (mixed)

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>

Date Generated: May 3, 2019 10:06 AM

Page 9 of 24

Confidential shredded paper
Copier/toner cartridges
Scrap metal
Wood waste
Tires
Construction materials/debris

Our waste hauling contract covers providing recycling bins and green waste bins at the D.O. and Shop 9 locations. The D.O. also contracts with a shredding company to shred and recycle all of the waste office paper. Printer cartridges are donated to a local 504 3(c) for recycling. Employees recycle CRV containers. Scrap metal is picked up by a local vendor for recycle. Non-treated wood is put in the green waste dumpster or depending on size, is take to the chipper area of the landfill. Treated wood waste, oil, oil filters, solvents, tires, antifreeze, batteries, paint, fluorescent light tube etc. are disposed of through our hazardous materials contract or at the appropriate area of the landfill. Electrical waste (phones, computers, copy machines, printers and all related cords etc.) are taken to the appropriate recycle area of the landfill or to an e-waste disposal area, usually in Bakersfield.

Material Exchange

Nonprofit/school donations
Internal property reutilizations
State surplus (accepted by DGS)
Used book exchange/buy backs
Employee supplies exchange

Surplus equipment, office furniture, office supplies etc. are offered to other employee groups, non-profit groups, schools and other State agencies before they are sorted for recycle and disposal. The local landfill also has a "free" section for items that have gone through our regular process and are still unwanted but are potentially usable (maybe with a little repair or elbow grease).

Waste Prevention/Re-use

Paper forms reduction - online forms
Bulletin boards
Remanufactured toner cartridges
Retreaded/Recapped tires
Reusable boxes
Reusable pallets
Electronic document storage
Intranet
Reuse of office furniture, equipment & supplies

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <https://www2.calrecycle.ca.gov/StateAgency/WasteMgmt/AnnualReports>
<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Summary.aspx?AnnualReportID=2102&Mode=View>

Date Generated: May 3, 2019 10:06 AM

Page 10 of 24

Reuse of packing materials
Reuse of construction/remodeling materials
Double-sided copies
Email vs. paper memos
Rags made from waste cloth or reusable rags

Management encourages the use of 2-sided copying and reuse or reassignment of various materials whenever possible. Unfortunately, our HQ accounting/audit rules for many of our functional units still requires paper copies of most of our documents rather than relying on electronic copies. Our property control policies for State property make it impossible for State workers to take items, deemed unusable, home for reuse. These end up at the landfill, hopefully for someone else to take.

Green Procurement

Recycled Content Product (RCP) procurement policy
Environmentally Preferable Purchasing (EPP) procurement policy
Staff procurement training regarding RCP/EPP policies
RCP/EPP and/or SABRC requirements language included in procurement contracts for products/materials

These are completed primarily at the Department or State wide level (contracts). But, is now part of our Acquisition Manual. SABRC information/training is provided to all CAL-Card holders, annually. EPP is now a mandatory field in our accounting system.

Training and Education

Dedicated Recycling Staff (Existing or implemented by July 1, 2018)*
Signage (signs, posters, labels for recycling bins. Existing or implemented by July 1, 2018)*
Employee training (Existing or implemented by July 1, 2018)*
Adequate number and condition of receptacles (Existing or implemented by July 1, 2018.)*
Web page (intranet or internet)
Brochures, flyers, newsletters, publications, newspaper articles/ads
Office recycling guide, fact sheets
New employee package
Outreach (internal/external) e.g. environmental fairs

Recycling bins are inspected regularly, the contract provides for replacement when necessary. Employees are informed of the district's recycling efforts and policies regularly by management. Recycling coordinator and facility staff, including custodians, support all recycling efforts and provide information to employees when necessary. Employee education and awareness is accomplished through e-mails, signage, newsletter etc. Recycling is now a part of the Mission, Vision and Goals for Caltrans.
